*****PETERSON'S PETAL COMPANY** states: As I listened to a psychiatrist speak this morning on the mental effects of the COVID-19 Quarantine, listing an obvious higher rate of depression and suicide, it tears at my heart. We are in a situation, in which even if we are forced to close our doors to walk in business, we can make deliveries without any contact with people at all...just a smile in the form of flowers sitting outside their door. (As of now, our doors are still open for business) Be the reason someone feels hopeful and happy today! Bouquets start at only \$20. Curbside pickup and delivery is available. Delivery has been dropped to \$2. Give us a call. 402-745-6611. We will continue to pray for peace for you all through this scary time. We are grateful for this community and its amazing people. In most state Hardware stores have been considered essential retail and we are expecting that in Nebraska as well. If they start closing non-essential, we will stay open as long as we can and help in any way possible.
